

LOOM CULTURE

VOXFLOR®
passion and purpose

00.

OUR GOAL

The Loom Culture Collection, a unique blend of tradition, and innovation, draws inspiration from the time-honored art of looming. It represents the intricate beauty of handcrafted textiles through a new curved loop design.

The collection includes two standout products: Fabric Legacy, which offers timeless elegance, and Materic Heritage, which delivers a rich, textured experience. By Loom Culture, every tile tells a story of craftsmanship and modernity.

01.

FABRIC LEGACY

Fabric Legacy is a unique product with intricate tufting that creates a luxurious and organic texture. This brings to life a sophisticated color palette that seamlessly blends neutrals and accents. The result is an elegant and high-end carpet tile that adds a touch of refinement to any space.

02.

MATERIC HERITAGE

Materic Heritage takes inspiration from traditional textile and fabric culture, reflecting timeless craftsmanship. It incorporates an intricate construction with a fluid pattern reminiscent of classic tufting techniques.

It blends heritage with contemporary design for a refined and sophisticated flooring solution.

TRADITION MEETS A NEW ELEGANCE

Materic Heritage MH300, MH301 - Ashlar

Materic Heritage Carpet Tiles recreate a tridimensional pattern design inspired by traditional tufting methods.

Thanks to a unique design approach, it blends half-circle patterns with long, organic brush strokes.

This meticulous craftsmanship recalls the artistry of classic textile techniques, standing out as a rich and elegant pattern design.

Specifications

Collection Name:	Loom Culture
Style Name:	Fabric Legacy; Materic Heritage
Construction:	Multi-Level loop
Fiber:	PUREWEAVE™ Nylon
Gauge:	1/10"
Stitches:	11 per inch
Pile Weight:	22 OZ/yd ²
Average Pile Height:	4.0 ± 0.5mm
Backing:	EcoAce-Bac®
Tile size:	25cm*100cm
Area of Use:	Commercial – Heavy Duty
Anti-microbial:	Ultra Fresh Treatment (Available)
Flammability:	ASTM E648 Class I, GB8624-2012 B1(C)
Smoke Density:	ASTM E662≤450
Static Propensity:	AATCC-134≤3.5 KV, GB/T 18044-2008≤3.5 KV

Manufacture System

SOLAR made carpet

VOXFLOR® constructs its solar power generation system, utilizing clean energy for sustainable production.

An Environmental Product Declaration (EPD) tells the life cycle story of a product in a single, comprehensive report. The EPD provides information about a product's impact upon the environment, such as global warming potential, smog creation, ozone depletion and water pollution.

Administered by the Singapore Environment Council (SEC) since 1999, It is Singapore's leading environmental standard and certification mark with over 3800 unique products certified across 43 countries.

Credits Contribution to:

LEED (Leadership in Energy and Environmental Design) is the most widely used green building rating system in the world. LEED certification is a globally recognized symbol of sustainability achievement and leadership.

ISO 14064
ISO 14067
ISO 14068-1

VOXFLOR® tracks and reduces greenhouse gas emissions (ISO 14064), minimizes the carbon footprint of carpet tiles (ISO 14067), and achieves carbon neutrality through renewable energy and offsetting (ISO 14068-1).

ISO45001:2018
ISO9001:2015
ISO14001:2015

ISO9001, ISO14001, ISO45001 certified, VOXFLOR® ensures reliable, high-quality manufacturing.

Eco-Ace-Bac® Collection
GLP No. : 100231

Declare.

Green Label Plus is an independent testing program that identifies carpet, adhesives, and cushion with very low emissions of VOCs to help improve indoor air quality.

CE marking indicates that a product has been assessed by the manufacturer and deemed to meet EU safety, health and environmental protection requirements.

Ultra-Fresh® is a portfolio of antimicrobial treatments developed by Thomson Research Associates, Inc. Customer can choose this High-Performance Antimicrobial Technology.

WELL is the leading tool for advancing health and well-being in buildings globally. Register your office, building or other space to leverage WELL's flexible framework for improving health and human experience through design.

Cradle to Cradle® Certified is the global standard for products that are safe, circular and responsibly made. It is to ensure the impact of their products on people and planet is a positive one.
